His Essay on the Horse

The horse is a grate animule, he is biggern a dwag but not as big az a elefunt but more useful. Pa sez a mule is bilt sumthing like a horse but is different in uther respecks. Thare iz several kinds uv horsis besides the ani-

mule horse, fur instunce thare iz the saw-horse and the kloze-horse, the horse-pistel, the horse-chestnut, the horspital, the hobby-horse, the horse-fly, and the horse-reddish. Thare iz a diffrunce buttwean a horse-reddish and a reddish horse same az thare is a diffrunce buttwean a horse chesnut and a chesnut horse. I herd a man say to an-

other men onct, "that's a horse on you" but I cuddent see no horse on nobody; sum people sez a nite-mare sumtimes gets on a man's stummick, an' he kant help hisself, speshully wen he haz a little colt in hiz hed, which makes him hoarse.

Horsis ware blankits an' shoes but no other kloze, and thay don't kare a straw what thair bed iz made uv, cause they sleep standing up and kant stand layin' down.

Sum horsis are awful lene but sum are fat an' sum are tew fat to lene. Pa askt me onct if I ever saw a horse buck but I guess he ment a saw buck, that wood be more like it.

Hen Slitzenburger, de guy dat lives down in Clabber alley, told me de udder day dat "10 men kan lede a horse tew water but wun kant make 'im drink." Mebbee he swoor off; ennyhow, praps he thot dat waz a joak, heze alwaze kiddin'; den agin heze alwaze trunnin' bookays at hisself an' tellin' about de swell fokes he goze wid, an' de nifty skirts he haz gott on de string, an' about hiz hi livin', but I found out about hiz hi livin' awl rite. De udder day he kums along chewin' a toothpick and smokin' a koffin nail.

"Swell feed I jest had," he sez.

"Whare?" sez I.

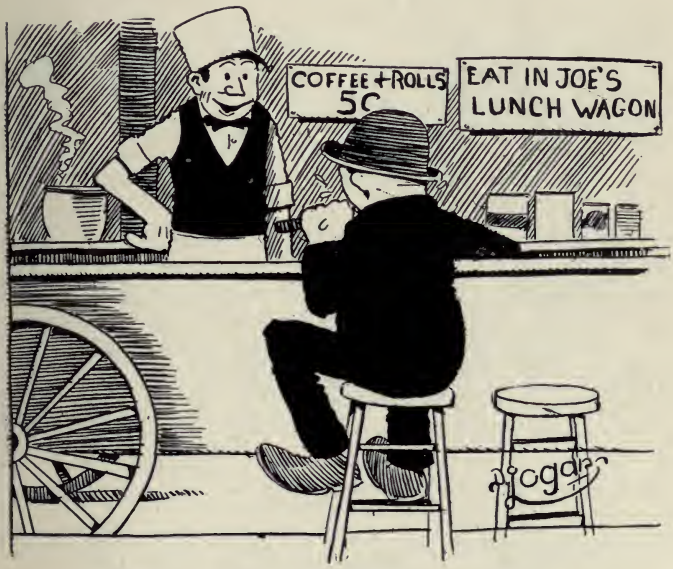
"Down to the Castoria," he sez.

"Aint no pie dump by dat name," sez I.

"Sure iz," sez he, "an' I had my dinner a la carte."

I didden no what he ment by a la carte until I seen 'im las' Chewsday sittin' on a stool at Jerky Joe's lunch cart, in frunt uv de Astoria hotel, feedin' hiz fase. I had

'im wid de goods on 'im dat time. When I lamps 'im agin ile tel—but I'me fergettin' awl about de horsis, but



Dining a la Cart

shucks, dats awl I no about horsis ennyhow; nex' weak ile tel u about de dawg, an' believe me 'itl be de real dope. Goo' by,

His Tale of the Dog

WL dawgs look alike 2 mee —an' thay bight alike. Sumboddy sed a dawg's a man's best friend. Righto, speshully when yew ar broke, whereaz a man frend or a woman frend will shake yew but a dawg won't, praps itt's 'cause hee don't no de ole man's up against it and may b heed stick ennyhow, howsumevur he sticks an' thare you ar.

Inn wun respeck a dawg's like a woman, the moar kew beet 'em the better he likes yew.

I kame neer having a dawg wunst. I askt a man if heed gi mee hiz pupp and hee sed know.

Hen Slitzenburger thinks heze awful funny; yesturday he sez, lookin wize, "That's wun on de dawg."

"Whaddja mean," I sez," "wun on de dawg?"

"A flea," he sez, den ducks, ef he haddent Ide a swatted him. Hen Slitzenburger is de onnerist kid in Clabber Alley—an' dirty, aint no name fur it; he doan look as tho he evur had a wash. Nex' time he kumz 'round I'm gonna get even wid de simp. I'm gonna say "Hello Hen," an' heel say "Hello." Den Ile pretend tew bee frenly like an' say, keerless like, "I heer that's wun on u, Hen." Heel look surprized an' say: "One on me?

Waddja mene, wun on me?" Den Ile giv 'im the wunst over, Ile laf an' say "A dirty shirt." Gee but heel be soar.

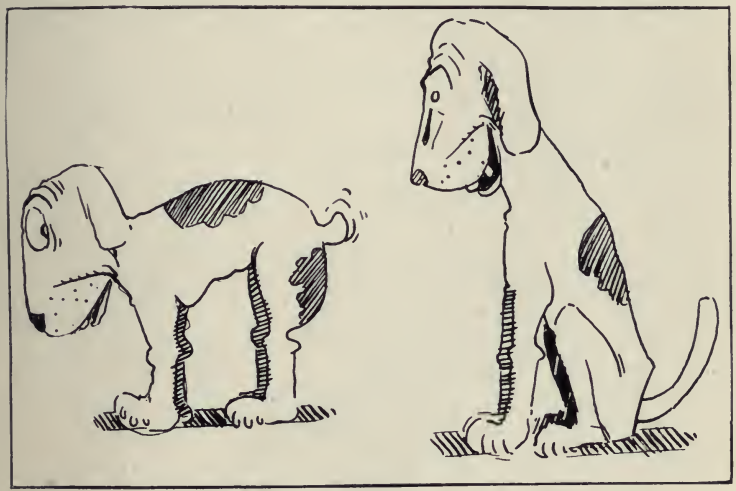
"We Got Ower Pitchers Took Long With Jerkiz Dawg"

I kame neer forgettin' mi promise tew tel u what I no about de dawg, so heer goze:

A dawg iz diffrunt from enny udder kind uv animule

"He Fleze Frum Flize"

becoz hez bilt diffrunt; heze biggern a kat but not az big az a horse ore a elefunt, or a kow or sum udder kind o' beests, but iz mutch kinder. In wun respeck he iz like a kat—he can sleap hiz hed off. I wunst had a dawg. I kald 'im Glue becoz he waz stuck up more'n must udder dawgs. Me an' Hen waz tawkin' about dawgs wun day



Cur-tailed

an' Hen sez: "Say Gink," (he alwaze kalls me Gink, I don't no why but he duz), "do u no de diffrunce buttwean a dawg an' a dude?"

"Aint nun," sez I, not thinkin'.

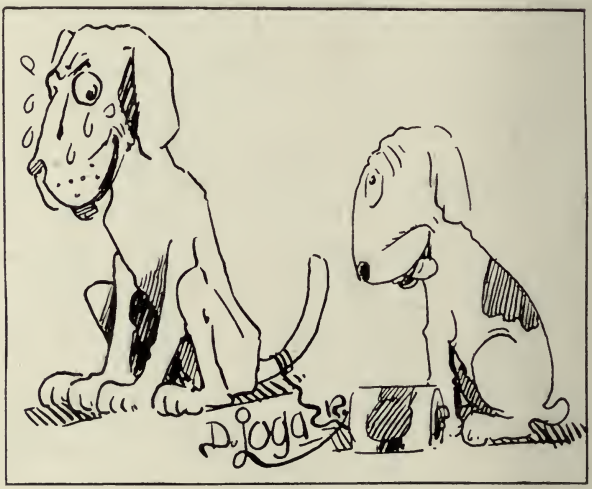
"Shure iz," sez he.

"What's de joak," sez I.

"Wun's got creases in hiz pants," he sez.

Dats de best thing on de dawg I ever herd 'cept de flea, but it was a slam on Fido awl rite.

Did u ever see a dawg laf? I did, 2 ov 'em, honest to goodness I did—wunst. I waz goin' down to Dago



"He Laffs Last Who Laffs Best"

Doozer's dump wun day an' jest az I kums along by Sloppy Slough I saw 2 dawgs, wun wid a long tale an' wun wid no tale whatsumever, an' de long taled dawg waz a laffin' at de dawg widout enny tale, but de verry next next day I saw de same dawgs but de no tale dawg was laffin' at de udder dawg becuz he had a tin kan tide to

hiz tale, wich reminds me whare it sez in de scriptures, "he laffs last who laffs best."

Jerky Joe haz got a dawg an' itz de onerist dawg yu evur seen. Itz a long, skinny yaller pupp wid black spotz an' a hed knot mutch biggern itz boddy... Wun day he (Jerky Joe) an' hiz dawg wuz standin' in frunt uv hiz (Jerky Joe'z) lunch kart az I kumz upp. "Howddja likes me pupp?" sez Jerky, "aint it sum k 9?"

"Cert," sez I, "itz a lalakapoozala, only I doan no wat a lalakapoozala iz, enny how I sez, "wad's de mattah wid iz tung hangin' out?"

"Got frost bit last summur," sez he, "lickin' de ice kreme pictur offun de sine on de frunt dore."

"Waddja kalz him?" sez I.

"I doan kawls 'im atawl," sez he, "he jest kumz ennyhow, 'speshully wen I be kookin' ham an' aigs; he likes ham awl rite."

Jes then Dago Doozer an' Hen slitzenburger, warein' a hard boiled hat, kumz along wid a fotygrafter an' wen dey lamps de dawg dey makes a holler tu fotygraft 'im.

"Awl rite," sez Jerky, "An' take de bunch uv us 2."

Gee, but that wuz a snap, and that's how we got ower picturs took 'long wid Jerkiz dawg, awl fur nuthin'."

"Sum dawg," sez de fortygrafter," no flize on him."

"Naw,' 'sez Jerky, "he fleze frum flize; dey aint got nuthin' on 'im."

Thare iz az menny kinds uv dawgs az thare is men, only diffrunt. Thare is de watch-dawg, de house-dawg, de kerr-dawg, de pedygreed-dawg, de sooner-dawg, (sokald becoz he kumz sooner when he iz given a bone).

the rat-dawg, the lap-dawg, & sew 4th.

That's awl I no about dawgs, dawggone dawgs ennyhow, sew goo'by,

Elucidates Concerning the Cat

TAWKIN' 'bout katz I herd that Jerky Joe traidid hiz bull pupp fur a mezeley lil jet black mamma kitten; he sez it doan kost sew mutch tew fede kittenz az it duz tew fede dawgs, 'sides dey doan take up sew mutch room in hiz kart. Now I no why he kalled hiz dawg "Phil Upp" an' why heza gonna kall his kat "By," becoz uv its per, but that isent az bad az the man who named hiz dawg Curiosity jest becoz he kilt a kat. Jerky waz tellin' me an' Doozer 'bout 'iz new kit de udder day wen erlong kumz Hen Slitzenburger in his new hard boiled hat. "Wat's de arugmint Gink?" sez Hen, addressin' me; "wat's awl de confab erbout?"

"O, jes tawking 'bout katz an' dawgs," sez I.

"Katzen dawgs?" sez he, supprized like, "wat kind o' dawgs iz dem? I never herd uv that kind b4."

I new Hen wuz joakin' sew I jes givs 'im the wunst ovur. "O," sez I, "That's a new kind o' bull terrier," sez I, an he sez, "How sew?" Jerky Joe getz wize ter de josh an' butts in: "Gwan," he sez, "needer uv youse

noze wat yer tawkin' 'bout, ennyhow nuf ced 'bout dawgs, katz is awl to de mustard now roun' deze diggins, kum in an' see By." We cudden let de chance gow by sew me an' Hen an Dago Doozer kralls trew de hole in de wall. De place wuz so lil an' low that Hen bumpt hiz coco 'gainst a bord on de side uv de wall. "Look out fer de side bord!" hollers Jerkey, but 'e wuz tew lait, down

Jerkiz Kat

kum a lot uv tin panz. Gee, Jerkey wuz soar. Ennyhow he showed us de kat an' bragged 'bout itz pedygree an' itz fine points. It had fine points awl rite; it didden seme ter have nuthin' else.

"Wy doan yer kall it Napoleon?" sez Hen.

"Waddju mene, Napoleon?" sez Jerkey.

"Becoz he haz sew menny bony parts," sez Hen, and ducks jes in time to mis a durty dish rag dat Jerkey truns at 'im.

"Waddju fedes it on?" I askt, "der aint no mice an' ratz 'bout here," sez I.

"Koarse knot," sez he, "she" (meaning de kat) aint ol' nuf ter ketchum, what she likez iz milk an' fish an' gravy."

"He Fit"

"Good gravy?" sez I.

"Shure," sez he, "evury thing is good hear."

"Awl but de aigs," sez Doozer, not fergettin' de aigs he ordered wun day an' got choaked on de fedders.

"Well, that's awl rite," sez Jerkey, "dey wuz good wunst, but what's that gotter dew wid katz?"

"Tawkin' bout Jerkiz kat reminds me I promist tu tel wot I no 'bout katz but I dunno az Ile have time now. its sew lait, but ennyhow Ile jes giv yu a few fax.

"A Terrible Racquet"

Katz is a domestick animul same az a dawg an' a horse an' a kow but wat it is good fur I doan no. De dawg keeps burglers away, de horse works an' de kow givs milk an' butter—an' sum times cheze, but a kat doan dew nuthin' but ete an' slepe.

He Haz Sew Menny Boney Parts

Thare ar sevrul kinds uv katz both mail and femail. Sum ar mewzikul an' giv konserts in de back yardz uv nites. Pa wunst had a big kat kald Tomus but he got mad (pa did) wun nite an' kald it Sir E. Nade. Wun day pa aksts me wat dey kalls a small kat in England.

"Serch me," sez I, "I dunno."

"A kitten," sez he.

I thot that wuz kitten serious an' sed sew, ennyhow Ide rather hav a kitten than a kat, it (the kitten) doan liv sew long—it only haz wun life but a kat haz nine lives.

I had a fite wunst becoz I sed a kat had nine lives. A kid named Mike McGeary sed it wuzent sew. I sed it wuz, he said it wuzent. I sed it wuz, Den he sed "yew lye." I cudden' stan fer no sich back tawk sew I hit im in de noze, he hit back but mist me an' I fetched 'im wun in de blinker an' b4 he cud tel wher he wuz at I did 'im up good an' proper, you ot tew sene 'im, wun I wuz shet tite, hiz noze wuz skind an' wun of his eres lookt like a pece of raw beef in fly time—an'—he never teched me, but he fit awl rite.

I guess he felt like I did wunst when pa lickt me with a long tennis racket.

"Aint a katt got 9 lives?" sez I. "Shure," sez he, "I allus new dey had."

Howsumevur I had 2 konvince him uv de fac, which takes me back 2 whare I left off, sayin' as how a kat—but shucks thare aint much moor to say about katz so Ile kwit fur this time, so long, goo' by.

On the Hog

With Pig Pen Sketches by D. LOGAN

A Pig Tale

T' wuz my intenshun this weak to rite a essay on pollyticks but Hen Slitzenburger switched me awf.

"Everybudy nose 'bout pollyticks," he sez, "aint nuthin' nu tew tel 'bout it; wad's de mattur wid de hawg? 'taint evurbuddy as noze much 'bout that meak & mutch abuzed animul."

"Rite yew ar," sez I, sew hear I am tew satusfy de publick demand, an' wat I doan no 'bout hawgs ain't wirth printin', whareaz pollyticks iz a most disrepoutabul subjick.

Dago Doozer an' me wuz tawkin' 'bout "back to de farm" de udder day and Dago sez dat's de place fer him; he sez id's de mos' 'dependent life enny wun evur lived. "Jes tew give u a idee," he sez, "all yew got tew do iz tew put sum sede in de groun' 'an nacher duz de rest."

"Whaddja mene," says I, "doan yew hafter work? Doan yew hafter plow?"

"Naw," sez he, "de horsis duz dat," an' den he goze

on an' telz me 'bout de chickuns and kows an' hawgs an' udder animuls on de farm that makes de livin'. "Fur instunce," sez he, "wunst a day yew kollecks de aigs an' twict a day yew takes milk away frum de kows, an' dere yew iz—livin' at yew eze."

That awl souns purty gude but id doan gow wid me, wat I wants tew no is how yewr goin' tew git de chickuns an' kows an' horsis an' hawgs. Gee, I promist tew tell yew 'bout hawgs, an' wat I doan no 'bout dem aint wurth

A Hawg's Hed

fergittin'. In de 1st place a hawg iz noan tew be de mos' degraded animul that evur kum out uv de ark, dey ar sew mene that dey ar offen kompaired wid sum men, but in wun respeck dey ar diffrunt frum a man becoz dey only haz tew (2) tows whareaz a man haz 5 and wat 5 was gude 4 gits my gote, in udder werds serch me.

De bes' ting 'bout hawgs iz pig's fete, 'spechfully wen

dey ar pickuled, but pa sez it aint perlite ter ete 'em be4 brekfust.

Der are sevrull kinds uv hawgs, but dey awl look alike tew me. Amung de severull diffrunt kinds uv hawgs iz de razur backt hawg, de lene hawg, de fat hawg, de pork hawg an' de pig. Mos' awl hawgs haz 4 legs, but not awl, an' wen I sez that I aint kastin' no insinuashuns.

Thare are 2 kindz uv piggs tales, de Chinee pigg tale

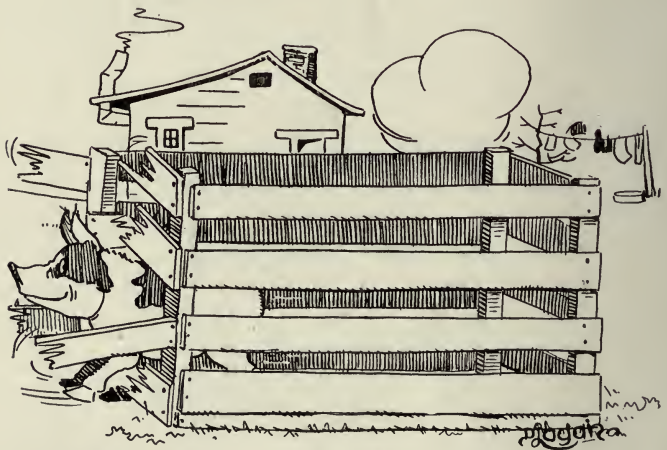
A Nuther Hawg's Hed

an' de hawg pigg tale, and thare ar 2 kindz ux hawg-hedz, wun growz on de pigg an' wun is maid tew hold terbacker an' udder merchandize.

Hen Slitzenburger noze a goodeel 'bout hawgs; wun day me and him wuz tawking on de subjick an he sez:

"A hawg iz powerful strong—not like butter, but fizziskully, why, Aleck de Grate diddin' no wat he wuz tawkin' erbout wen he sed de 'pen iz might'ur den de soard,' wy, de pen aint in it wid de hawg wen it kums to nockin' de stuffins out uv de pen, wy, ter day—"

"Whoa, back up," sez I, "that's bad grammur."



"Take it Frum Me, de Pigg iz Mightyur Dan de Pen"

"Whaddja mene, bad grammur?" he sez.

"Shure, bad grammur," sez I, "diddin' yew say 'terday'?"

"Yes, ter day," he sez, and den goze on, poetikul like, an sez, "We are hear tumorrow, dere yesterday but vere vas we ter day?" Oh, yes, I waz goin' tew prove 2 yew that de hawg is mightyur dan eeder de pen or de soard,

ter day I saw a hawg bust a pen awl tew peces an' git away. De pen mite be mightyur dan de soard but it hain't got nuthin' on de hawg. Take it frum me, 'de pigg iz mightyur dan de pen'."

I no lots moar 'bout hawgs, but doan' like tew tel, awl ive got to say in dere favur iz dat dey makes good ham an' aigs.

Chapter I. THE CONQUEST

OW! I've got a gurl, never kared fur wun b 4 but this wun is sum chickun, onist shez the swellest skirt in Kerry Patch. "Dat's wot I thunk" she seze "but what's all this tawk 'bout rabbit transit?"

"Why' 'sez I, doan yew no? that aint rabbit transit, itz rabid transit, meanin' slow trolley car service."

"I get yew," she sez, "I've bin thare, but say, I fergot tew ask yer name, wot iz it?"

"Willie Wickham," sez I.

"Will he what?" sez she.

"No joakin," sez I, "but watz yer name?"

"My name," she sez, "iz Kittie Kelley, an' I'm leven years old."

"Kittie Kelley," sez I, "U an' Mike McGeary aught tew make a good team, but say, I no dat kid, me an' him fit wunst, an' I lickt 'im proper."

"Know joakin yourself," she sez an' she lafs, sew doo I. Aftur that we gits purty frendly an' I invites hur to chew wid me down to Jerkey Joz sum day.

"Jerkey Joe?" she sez, "that's a knew wun on me."

"Sawl rite," sez I, "it aint a kristal palace but Jerkey is a kukoo of a kook jest de same." Ennyhow she said sheed take a chance an' made a date wid me fur tomorrer after skule, she sed she new sheed have a good time, so I'm

gonna wash mi fase and put on me klene speckled shirt waste an' stand Jerkey off fur a twenty-sent feed, Gee won't Hen Slitzenburger be soar? Tawkin' bout hiz dining a la kart, nuthin doin.

Aftur de bankwit Ile tel u awle 'bout it, meantime tra la loo.

"Nuthin' doin' " sez I, "Doze ginks haz got their gawl, whaddja thinks, doz yew takes me fer a Rockyfeller?"

"Well," sez Hen, "de guys are good frenz uv yourn an'

"Sawl rite," sez I, "but may bee they'll run me in fer moren my pile."

Well, I jes wanted to show dem fellers I wuz no cheap skate, fact iz I alluz waz a ded game sport sew I telz Hen tew trot 'em in.

Close-Up of Dago Doozer

"Who shall I invite?" he sez.

"Jes Dago Doozer, Jerkey Joe, Tomato Tom an' yew" sez I.

"How 'bout Tarantula Tim?" sez Hen.

An Angler Would Be

Tawin' 'bout hi life an' sportin,' yew ot tew seen us last Satiday. Me an' Tomato Tom an' Hen Slitzenburger an' Kit awl went fishin'. Tomato Tom took us. When we wuz gowin' home from the eats at Jerkey Joez, Tomato sez, "Say, kids," he says, "I'm gowin' fishin' Satiday, doan yew want tew go?"

As a Dramatic Cretic

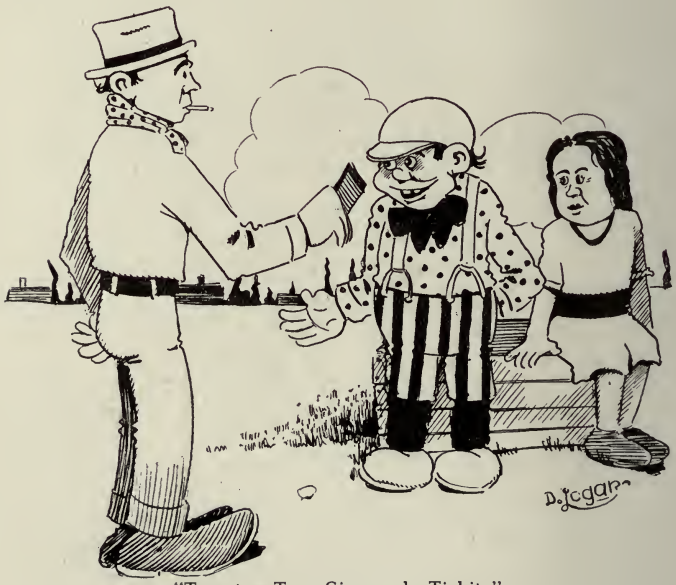
With Snap Shots By D. Logan and F. I. Weatherbec

Grate show I seen de uther nite down to Kerry Patch town haul. Me an' Kit went an' diddent git home til lait. Diddent kost me nuthin neethur. Tomato Tom bot 2 pastebords an' invited hiz gurl but she trun him down sew

he cudden gow, an' he gimme de tickits. It wuz a amatoor show but wuz some show all rite. Dey kald it "In Gow Ma, the Bare Bariun." Wot that menes I doan no but it wuz awl rite, awl rite.

Inn de furst ack dere wuz a big guy wid wiskers an' long hare hangin' down hiz back an' he didden have no

cloze but skinz uv wild anymulz, and he wuz de king uv a bunch uv uther guys like him only diffrunt, but dey looks like men and tawks like men an' dey wuz men only dey wore skinz like de big gink only diffrunt kindz. Wun



"Tomatoe Tom Gimme de Tickits"

"She Sitz Down on de Bear Ground at His Feat"

had a sheep skin, anuther had a wolf skin, anuther had a fox skin, anuther had a bare skin, an' so on—an' off.

Well, dey wuz chewin' de rag 'bout dividin' de swag, coz dew wuz robbers, kinda like grafters yew no, an' dey had made a hawl dat dey, ennyhow dey had took a prizner, a old man, an' de gang wanted tew hav him fer dere share sew dey cud git a ransum on 'im butt de king-bee buckt an' sed, "Ney Pauline, yew take de gold an' leve his job lots tew me, heze a old duffer an' I aint goin' tew see no harm kum tew him." Sew itt had tew gow at that az de big brute alluz had hiz way. Well, purty sune a swell dame shashays on de seen, an' bleve me she wuz sum chickun. She wuzn't skeered a bitt butt steps rite out uv de bushes an' breaks fer de boss.

"Aha!" cries his ginkshipp, "what have we hear? Hither, pritty wun, I woodst converse with thee," an' she kame, butt de gang buttz inn an' sez az how she b'longs tew them butt de hi monkey monk kant sea itt that weigh an' sez sew, den he shoos 'em away an' he findz himself a loan wid de baby. Furst rattle outen de box he trize tew git gay, but shez know flurt and she givz him the wunst ovur, she telz him that his old man prizner iz her own father an' that she kumz tew bee a slave in hiz place if he will let de ole man mozey. De gink lafs at furst an' tinks itz a joak but after while he changez his mind coz he seeze de kid is a innisent kid an' she gits his gote—he goze klene daffey over hur—ded in luv and putty sune insted uv bossin' her shez bossin' him butt he duzzent no itt, an' if he did he didden kare, coz he liked it. In wun part uv de ack he sez tew de gurl, "Kum hear," gruff like, butt de gurl givz hur hed a sassy shake an' sez, "I gow tew the spring tew klenze de kups."

"He Carriz de Lil Lunch Baskit"

I doan no what she ment bye "klenze" butt she sed itt. At furst he felt like gittin mad az he wuzn't used tew bein' tawked back tew, butt itt wuz such a good joak he cuddent help butt laf. Well, wen she kumz back she bringz a bunch uv wild flours an' green stuf an' sitz down on de bear ground' att hiz feat an' makes a reath, awl de time tawkin tew him jist as she wood tawk tew her littul brudder att home, an' de moar she tawks an' smilz de moar nutty he gits 'bout hur, but wen she goze tew put de reath on hiz hed he bucks. "Nix," he sez, "dem tings ar fur gurlz, knot men," but she sez she wants him to ware itt, sew he doze, an' knot only thatt butt he jist doze whatevur she telz him tew dew. De funnyist part iz whare she telz him about luv. He didden savvey it at furst but sune got neckst. An' wen she eksplaned and sed, "2 soles with butt a singul thot 2 hartz that beet az wun," he neerley had a fit an' wantz tew hug de gurl, but dassent.

Ennyhow he letz her ole man gow an' she stays tew bee hiz slave, butt b'leve mee she doan slave enny butt haz a ezy time. One day howsumever hiz pirates gits soar coz he spends awl his time wid de gurl, whoze name iz Parthenia, insted of gowin on de war path an' robbin' de rich, an' dey telz him sew, but he shude worry, heze ded gone inn luv wid Parthenia an' she acks like she likes de moak allsew wid awl hiz long hare an' whiskurs. Ennyhow de gurl begz him tew kwit his wickud life an' gow wid hur to the sity whare she livs, butt he sez if he doze they will soak him thare coz he has robbed sew meny uv their peepul, but she telz him she will git him pardoned, sew he kwitz de gang an' goze wid de gurl, meak az a lam. She makes him carry de lil baskit uv lunch an' she carriz

de spear an' helmit an' shield. An' what dew yew think? Wen dey gitz tew de sity she makes him cut hiz hare, shave hiz whiskurs an' ware reel cloze, butt de wurst uv itt wuz she made him wurk, shure, an' she made a blacksmith outten him, an' de king let 'em git married an' guv 'em landz an' money, an' wot dew yew think he doze now? He votes fer wimmin.

At the Circus

THAT wuz a swel show me an' Kit seen down to Kerry Patch Town Haul the uther nite butt itt wuz-zent inn itt with the sirkus we seen the necks day. Gee, butt we are gowin sum, bleve me, a show wun nite an' a sirkus necks day. The funnyist thing 'bout itt tho iz that itt doan kost me nuthin. This time Pasadena Pete giv the paste-bords and didden no itt. "Hellow Kid," he sez, az I wuz kumin down Celery Strete the uther morning, "Want tew make ten cents?"

"Yew no itt," sez I.

"Well," sez he, "take this packidge over tew Miss Hamphatt, 28 Sleapie Hollow, an' when yew gitz back Ile pay yew."

Sew I done itt an' when he givs me 2 nickules hee awl sew givs me 2 tickits. "They ar cigar kupons," he sez, "I ain't savin' 'em, they ar' good fer a prize."

I wuz gonna trun 'em away when I seen thay wuz sir-kus tickits. "Golly!!" I sez, "Pasadena cuddent reed an' took 'em fer cigar kupons. Gee, but heel bee soar when he finds out. Ennyhow I goze tew hunt upp Kit an' ask hur tew gow but jest az I wuz passing Jerkey Joez lunch waggin I seen the hole bunch of the bums dining a la cart with Hen Slitzenburger. "Kum on, Bill," he sez,

lamping me, "chew wid us, mi treat, shanke hands wid me frens Tenderloin Top and Irksome Ike, jest from mi ole home, Cantata, Can."

Coarse I cudden refuse but wonders where the gink got the kale tew sett 'em upp but I guest whare when I herd that tree uv his muthers' peekin dux wuz missing.

"Wun Road a Horse Bear-back (the Horsiz)

Ennyhow I fedes mi fase att his expence an' sez nuthin'. Besides Hen an' the 2 moaks he introjuces me tew, thare wuz Tomato Tom and Tarantula Tim, awl sew Jerkey and the Kat. And after while long kums Dago Boozer. We had a good fede awl rite, an' a good eel uv fun.

Jerkey sez tew Hen "Yew likes tew dine a la kart, don't yew, Hen? Where do yew dine Sunday?

"Nowhere," sez Hen, thinking heze gonna git a invite, "nowhere," he sez.

"Too bad," sez Jerkey, "Ide hate tew fede yew Monday." An' he never crakt a smile, butt the uther guys awl

"The Serious Kronic Singer Flurts With a Old Johnny inn the Box"

givs him the merry ha, ha. An' purty sune Hen gits tew braggin' 'bout hisself an' how heze a ded game sport, an' spends the lucre. "I got itt tew," he sez. Then he rattuls sumthing inn hiz pockit an' sez "Money talks."

The Life of the Show

In the Bald-headed Row

"Yes, it says 'good bye' tew yew," sez I. Then they awl lafs agen.

When I telz 'em how I putz wun over on Pasadena Pete 'bout the tickits, Irksome Ike sez, "B'gosh, sirkus in town? Whare?"

"Down on Pan Cake Patch, bye Greazer Gultch," sez I.

"Let's awl gow," sez he. "Ile shake the dice tew see hoo will pay," he sez agen. An' hee had tew pay awl rite, coz Jerkey sprung the loaded dice on him, butt he didden no itt. Enny how they awl tagged after me an' Kit, an' who shod we sea when we gits there but Mike McGeary wid his new gurl Nanny Nokomis. Kit seen him but givs him the stony stare, an' he doan say nuthin.

Grate sirkus, awl rite, diffrunt from enny I ever seen b4. Thare wuz a reel stage an' reel ackting after the ring show, a grate deel more reel than the movies, an' reely good. Kit neerly had a fit when 2 koons kum on an' got off sum funny bizness. One sez to the uther, "hoo wuz that lady I seen you in swimmin with the uther day?" An' de uther guy, insulted like sez: "That wuz no lady, that wuz mi wife." Coarse Kit thot that had just been hatcht coz she haddent lived b4 the war, ennyhow she got my money's worth. Then there wuz a dutchman kumz out an' he sez a grate many foolish things. "Hoo am I?" sez he, "I bet me I no who am I, aint it?" an' then he scraps with anuthur slob an' sez: "Go on out an' put me out," or in, I forgit which, but the funnyist thing wuz whare a serious chronic singer gurl kumz on the stage an' flurts with a old Jonny boy in the box till he gitz soar an' sneaks out.

The ring acks wuz awl purty good, an' the clown wuz

a cuckoo, an' the skurtz wuz awl tew the mustard. Wy thay calls 'em skirts I doan sea coz I doan sea enny on 'em, gess thay doan kneed enny for the leg itimate drama.

"Wun uv the Skurts

Wun road a horse bear back (the horse's) an' showed her skill—I think that's what they kald itt.

Awl the while we wuz seaing the show we wuz gitin on the outside uv peanuts, popcorn and juju paste that Irksome Ike brung 'long with him tew treet the bunch, an' after the show Dago Doozer took us home inn hiz waggin. Grate time we had, b'leve me. But the funnyist thing uv the hull show wus when we kumz out, there wuz Pasadena Pete an' his gurl, maddern a March hair coz thay cuddent git inn the sirkus, the tickit taker sed nobuddy cuddent run no cigar kupons in on him fir sirkus tickits?" ures trooley WILLIE WICKHAM.

As an Art Critic

TAWKIN' 'bout hi life me an' the bunch seen sum uv it last Chewsday nite down tew the art galleries in Kerry Patch. I wuz wauking down Tango Terrace Chewsday 4nune wen long kumz Pasadena Pete and he sez heze gotta invitashun to bring hiz frenz tew the grand opening uv the Art Gallerie that nite and asks me tew gow. "I wuz purty soar the uther day," he says, "when I found out I givz yew the sirkus tickits insted uv the sigar kupons, but sawl rite now, itt wuzzent yewr falt, sew kum long an' bring Kit.'

"I except the invitashun tew the opening," sez I, butt watt ar they gonna open?"

"Their eyes," he sez, "an' lamp the wurks uv art."

"Awl rite," sez I, "Me an' Kit will be Johnnie on the spot, but hoo else iz gowin?"

"The hull bunch," he sez; "besides me an' yew an' Kit thare will bee Jerkey Joe, Tomato Tom, Hen Slitzenberger, Dago Doozer, Enchalada Ed, Tanrantula Tim, Mike McGeary an' his gurl, Nannie Nokomis."

Sew that nite I washt upp good an' klene an' kald fer Kit, an' b'leve me she wuz drest upp tew. She had on a klene dress an' wore hur shoes and stockins. Shez waring hur dresses longer now, thay kum down neerlie tew

soar eyes an' ribs a showing an' 2 week tew stand. I seen lots bettur kows than that inn Wild Kat Chute. But the onneryist pitchur uv the hull bunch wuz a mezely dawg chasin' a poor kat. Both wuz wurse lookin' than enny I ever seen in Sleapy Hollow. An' wot I wants tew no iz why they make pitchurz of treez an' ole rodes an' hilz. We kin jist gow hafe a mile outcide uv town

an' sea ded lodes uv such things. Hawsumevur thare wuz sum swel wuns.

"Givin' Hur Big Tow a Foot Bath"

Furst thare wuz a pitchur uv a swel dame kald September mourn, I gess she lost hur kloze cawz she didden' hav nune, an' she lookt kold, inn fackt itt makes peepul shiver tew look att hur.

Then thare wuz anuther wun drest the same way, only moar sew, ennyhow neethur had anything on the uther. This wun wuz settin' down on the bear groun' bye a lake an' she wuz givin' her big tow a foot bath. Wun ole womun necks tew mee sez "Aint that scanlus? the bear fase thing," butt her ole man buttz in an' sez "Waddja mene, bear FASE, wot's the matter with the REST OF HUR?" Ennyhow they boath peekt sideways at hur fur a long time.

Then we sashayed along lookin' fur sum uther kind butt neerlie awl inn that room wuz jest like 'em, only diffrunt, sum peepul sed it wuz their poaz, whatevur that is, but I didden' sea nuthin' on 'em, sew I gess if thay wore a poaz thay lost itt.

Hen Slitzenberger sed a poaz wuz sumthing thay held their stockins upp with an' I sed thay ot tew ware sumthing besides stockins evun if itt wuzent ennything moar than a sad eckspreshun.

A gink neer me wuz chewing the rag with his wife, I cudden here wot she sez butt he sez "come off" an' she repliez "knot here," sew thay musta bin tawkin' 'bout her kloz 2.

Kit sed shede rathur sea sum wimmin with pirty kloze on sew we went inn 2 the neckst room an' thare thay wuz. Thay didden' have kloze awl ovur butt sum uv them had 'em frum the liver pad down. Pasadena Pete sed that wuz full dress butt I gess he wuz joakin'. Tarantula Tim herd him an' sed: "Back upp, nun uv yew no wot Sosiety kloze is, wy," he sez; "that's evenin' dress." Then Enchalada Ed gitz bizzy an' sez:

"If that's evenin' dress its fur purty late in the evenin'. Good nite."

Then we saw a big brute uv a man in prizen stripes an'

Tomato Tom sez hez a murdurur. "A murdurur," sez Kit, "why dew thay make a pitchur of him?"

"Coz," sez Tomato, "so thay kin hang him an' the pitchur awl inn wun.

"I, AND OTHER STUFF" is the title of a humorous book, alleged or otherwise, which has just escaped from the press. It is by M. E. (F. Weber Benton), teems with freaky cartoons as silly as the text and is said to have "Pigs is Hogs" skinned, as also "Helen's Kinds," "Venus and Adonis" and such like junk.

Unlike these, however, it is absolutely original even to the price—25 cents in paper cover or four bits in cloth. Should be double that. Order a copy, read it, and then send it to your worst enemy In ordering don't forget to enclose the Kash—or Koin if you prefer, even stamps will be accepted if not kancelled.

Why a Chicken Crosses the Road

By A. Hennery, per Simmons (F. Weber Benton)

Discovered—Why a Chicken Crosses the Road

The silliest book since the days of Emerson or Shortfellow. Filosofically elucidates concerning the motives that prompt the feathered friends of the family to yearn for and seek asylum on the opposite side of the thoroughfare. Poultry pictures a plenty. We crow over this.

For Professional and Amateur Authors

The above is the title of a new work containing a vast amount of authentic information invaluable to the author and poet, the professional as well as the beginner. A most useful guide for those who aspire to success in the field of literature, explaining, as it does, the essential requisites of those who write for the press, presenting rules governing the preparation of manuscripts, how to dispose of them, and embracing a treatise on punctuation, the newer orthografy, division of words, common errors to be avoided, etc., etc.

A valuable feature is the list it contains of a large number of magazines and newspapers that buy original literature and the kind suited for them. Also tells how to write scenarios (motion picture plays), and includes a sample of a successful one.

No writer, no matter how far advanced, should be without it.
